

2026 Country Drive

**** Due to discrepancies between the MG, Mini, and Google Maps, please forgive our mileages if we are off by .1 one way or another! ☺**

1. Make sure your red Rallye placard is in your windshield and take a left at the light leaving New Country BMW.
2. Immediately get in the right lane right, and take the first right onto Weston Street. Drive under the highway, and at the stop sign, turn left onto Jennings Road. At the first light, take a right to merge onto 91N.
3. Take exit 37 (Route 305, Bloomfield Ave/Windsor Center) and take a left at the light at the end of the exit ramp. Drive 2.5 miles.
4. At a light, take a right onto Route 187 North, and after you have driven about 2.8 miles, veer right to get onto 189 North, and drive another 3.3 miles.
5. At a light, take a left on Floydville Road, and drive 1.4 miles. At the light, take a right onto Salmon Brook/Route 202, and drive .4 miles.
6. At the light, take a left onto Canton Road Ext and drive 3.1 miles. The street will become Holcomb Street.
7. At a stop sign, take a right onto Firetown Road and drive for 3.2 miles.
8. At the T, turn left onto Simsbury Road and when you see Holcomb Farm, slow down so you can take a right, across from the farm, onto Day Street. At the 1st stop sign, CAREFULLY turn left onto West Granby Road and drive 1 mile.
9. Take the 3rd right onto Higley Road. Drive 1 mile and take a right onto Silkey Road. At the T/stop sign with an amazing view, take a left onto Mountain Road and drive 1.4 miles. Take a left onto Old Skinner Road and drive .6 miles to a stop sign. This next part is tricky and quick!
 - Right onto Moosehorn
 - Left at the stop sign (and a cute stone house!) onto Route 20 South
 - Immediate right up the hill on Pedersen Road

10. Drive .8 miles on Pedersen, then take the first right onto Dalene Road which becomes Legeyt Road. After a total of 2.5 miles, it will T at a stop sign. Turn left onto 179 South.
11. Stay on 179 South for a mile, and when it veers off to the left, stay straight to continue onto 219 South. Drive on 219 South for 2.5 miles, and then bear right onto 318W when 219 South veers off to the left. Make sure to have your Rallye placard in your windshield and look for Dante, our photographer, as you cross the Dam!
12. After you cross the dam, stay on 318 until you come to a T/stop sign. Take a right onto 181 North, and drive .9 miles. Take a right around the cemetery (Beach Rock Road, but it is unmarked), and drive .7 miles. At the T, take a left onto Route 318 to cross the dam going the other way ☺
13. After you cross the dam again, take a VERY sharp right onto 219 South. Drive 4 miles on 219 South. Beautiful road!
14. At the light, take a right onto Route 44 and drive 3.6 miles. Turn right onto Old North Road, and after 1.8 miles, at the stop sign, bear right to continue on Old North Road. Proceed straight at the next stops sign, and then proceed very carefully at the next stop sign, in order to take a left onto Route 20 in front of Riverwalk Condos. At the next light, in front of a Shell Station, take a right onto Route 8 North.
15. Drive 1.5 miles and take a left, immediately after a cemetery, onto Deer Hill Road. Drive for 1.4 miles, and at the stop sign, stay straight to get onto Old North Road. At the end of Old North Road, at a stop sign, bear right onto Old Colebrook Road. At a stop sign in front of the Old Hale Barn and Silo, turn right. (The streets here are not marked, but the Old Hale Barn and Silo are a good landmark).
16. Drive .8 miles, and slow down as you come to the Colebrook Congregational Church (right), so that you can take the next left, before the Colebrook Store, onto 182A/Rockwell Road. Drive for 1.3 miles. Take a right onto Route 182/Stillman Hill Road, and drive 2.8 miles.

If you reach this point in the Country Drive and it is after 11:00 am, please go directly to Lime Rock Park in time for lunch and laps on the track. If it is before 11:00 am, carry on!

17. At the stop sign, turn right onto Loon Meadow Drive, away from Route 44, and drive 1.1 miles. At the T/stop, turn left to stay on Loon Meadow Drive and drive 1.5 miles. At the T with a brown barn with “board and batten” siding ahead of you, bear slight right and then an immediate left, and take a left at the stop sign onto Ashpohtag Road. Drive for 2.5 miles, being cautious of 3 speed bumps total.
18. When the road Ts, take a right onto 44, and drive 3.1 miles. After you pass a tiny post office, turn left in front of the North Canaan Congregational Church sign onto Lower Road. You will pass the Beckley Iron Furnace State Park—who knew? Beautiful waterfall in there, too! Drive on this road 2.6 miles. At the stop sign, turn left onto Route 7 South (don’t be fooled that the road is marked “Truck Detour 44 East”—it really is route 7!) and drive 5.6 miles, staying on Route 7 at the Route 7 Fuel Gas Station. Turn right onto CT-126 N/Main Street and drive for .5 miles.
19. Stay right of the island, following the arrow, to stay on Route 126. At the stop sign/T, turn left onto Railroad Street (it is labeled Points of Rock Road) and then bear right to go under a railroad bridge. Keep bearing right after going under this bridge so that, eventually, a large rock wall is on your right and a power plant is on your left. Stay on this road as it curves sharply to the left, crosses Housatonic on a red bridge, and then take an immediate left onto Dugway Road.
20. Stay on Dugway Road for 2.2 miles. At the T/stop sign, take a right onto Route 112. Drive .7 miles, and take a left onto White Hollow Road. Take the first left, and then another left to enter the park in front of the Gatehouse.

**** Please place the Rallye placard AND Track Lap Pass (if applicable) in your windshield!**

- Drive straight through the gates and over the bridge. We will be gathering on the left side of the road as you come off the bridge.
- If you are NOT going on the track, look for someone official to park you BEYOND the track access road.
- If you ARE going on the track, look for someone official to park you BEFORE the track access road.
