

CT MG CLUB PLANTING DAY
HARKNESS MEMORIAL STATE PARK
SUNDAY MAY 21, 2023

ANNIE WINCZE

Please join us and help plant the West Garden at Harkness Memorial State Park. This is the club's contribution to the park which allows us to use this beautiful location for our annual British by The Sea Gathering.

Drive your MG, bring a picnic lunch, (as no food is available at the park), and a small hand trowel for a fun and rewarding day in the gardens. Please dress warmly, as there is always a breeze.

Plan on being there at 9:00 but come whenever you can if you can't come for the whole day. We will park in front of the mansion. Enter the park through Maintenance Entrance, 450 ft. east of the main park entrance. PLEASE DRIVE SLOWLY AS OTHER VISITORS INCLUDING CHILDREN WILL BE WALKING AND RIDING BICYCLES ON THE DRIVEWAY.

This year is especially important, as it marks the return of Head Gardener Julia L. who has replaced David. Julia is organized, passionate, and devoted to the restoration of West Garden, and I would much appreciate a good showing of club members to show her our support.

Coffee and donuts will be served.
