

BRITISH BY THE SEA 2020
33rd ANNIVERSARY GATHERING
“T” SHIRT DESIGN CONTEST

Yes, it's time to get working on a “T” Shirt design for **BBTS 2020** ! In the past, we have had quite a few outstanding designs submitted. For 2020, our Marque Of The Year will be celebrating the outstanding engineering of modified MGs. Mabey we will get something resembling one of Big Daddy Ed Roth's famous cars!

This does not mean that the MOTY must be included in your design. If you think you have a unique design, now is the time to get it on paper! Let's see what you've got!!

We have had many wonderful T Shirt Designs for our **BRITISH BY THE SEA GATHERING** over the years, prepared by many talented Club members. But quite a few of these winning designs still needed some clean up and resizing at the Print Shop to make them camera, or actually, scanner ready. This clean up takes up a fair amount of time for the shop personnel and results in a lot of last minute work, which eats into the time necessary for actual printing process.

To alleviate this time consuming cleanup process, we have found that it is necessary to clarify what is meant by Camera/Scanner ready, item #3

As you are designing the winning T Shirt design, the following are some of the points to use as a guide;

- 1) 2020 will be the 33rd year. Do Not include the actual date.
- 2) Words that should be included, but not limited to, are;
 - >British By The Sea
 - >33rd Annual Gathering (please do not use the term SHOW)
 - >CT MG Club
 - >Harkness Memorial State Park, Waterford CT
(We have been asked to NOT use the short phrase “Harkness Park”)
- 3) Art Work should be "Camera/Scanner Ready" for Voting at the March meeting. Your Artwork **MUST** be **CLEAN AND CLEAR**.
 - > Camera/Scanner Ready means “Finished Design” ie ready to go to the printer without any more work.This means;
 - *The finished size of your design should be close to 12 inches wide.

*Use single solid lines in your design, ie. do not go over lines as they will appear smudged or blurred when scanned.

*Ensure that there isn't anything on the back side of your artwork as it will "bleed through", and the scanner will see it and pick it up.

*Do not erase or use white out as the scanner will also see this and pick this up. It will appear as a smudge or blur.

*Ensure that there aren't any finger prints on your work.

>Bring a color copy to the meeting that can be hung on the wall to be voted on.

4) It is possible to use a "Greyscale" (black and white) of a photo for The design. Contact us for details.

5) Use only 3 or 4 colors in your design. One color will be the background or shirt color, and the other 3 would be the artwork ink colors.

Keep in mind that more colors = higher cost for the printing.

6) Do not use a color scheme that would require a black or very dark color shirt. This would be too hot during a warm day on the field.

7) FYI, the Marque of the Year for 2020 is MODIFIED MG
This does not mean that MOTY must be included in your design.

8) The design is for the front of the shirt.

9) The winning "Camera/Scanner Ready" design will be chosen by popular vote at the **March Meeting**.

10) The winning Artist will receive a free Shirt, and free registration for one vehicle to BBTS.

11) Contact Annie or Steve with any questions,

MGTDANNIE@gmail.com

MGTD52@COMCAST.NET

or 1-860-693-4249

It's probably a bit too cold to enjoy driving your LBC now, so why not curl up next to a warm fire place and come up with a design.

GOOD LUCK!!!
